

What is SWE?

The Society of Women Engineers (SWE) is a not-for-profit educational and service organization that empowers women to succeed and advance in the field of engineering, and to be recognized for their life-changing contributions as engineers and leaders. Founded in 1950, SWE is the driving force that establishes engineering as a highly desirable career for women through an exciting array of training and development programs, networking opportunities, scholarships, outreach and advocacy activities, and much more. SWE has nearly 40,000 members worldwide!

How to Join:

1. Go to swe.org
2. Go to the Membership Tab and click "Join"
3. Create an account and profile
4. Choose the membership relevant to you
5. Make sure to add Dallas SWE (Section C005)
6. You are now a member of the Society of Women Engineers and Dallas SWE!

SWE members say:

"My favorite thing about Dallas SWE is the sense of community that includes being surrounded by passionate, inspirational, and encouraging women across so many industries and walks-of-life."

- Zaineb

"Attending SWE meetings has helped me improve my professional skills for my current job and also for the jobs I want in the future. Not only do the meetings develop me as a professional but they provide excellent networking opportunities, many developing into personal and professional relationships." - Ashley

"SWE gives its members the opportunity to not only network with the local community, but also provides information on how to become more active- whether it be through social events or volunteering opportunities. For example, the social brunches are a great opportunity to interact with other engineers new to the work force. The SWE Facebook page provides information on volunteering events such as Design Your World or the NSBE volunteer opportunity to introduce girls to an engineer. It provides a way to be involved and give back, which is rewarding. "

- Sana

What we do

Professional Development:

Dallas SWE hosts a monthly professional development meeting.

- Hear speakers talk about their career paths and experiences
- Tour local companies
- Discuss work-life balance topics
- Develop leadership skills through volunteer service as an Officer or Committee Chair
- One-to-one networking opportunities
- Mentor local college students
- Recognition of achievements via SWE Award programs

SWE members participate in discussion at a Professional Development Meeting

Networking/Social:

- Joint meetings and mixers with NSBE, SHPE, IEEE, other SWE sections
- Dallas SWE Social Branches

Dallas SWE Social Brunch

About our section:

- Over 250 members!
- Members in more than 13 industries with a diversity of ages, cultures, career stages, and engineering disciplines.

Society Member Benefits:

- SWE Magazine
- Access to CEU and webinar courses
- Discounts on annual conferences
- Access to SWE's Career Center

K-12 Outreach:

- Moon Day
- Dallas ISD STEM Expo
- Dallas SWE's award-winning event: Design Your World STEM Conference for Girls
- And more!

Design Your World

Design Your World is Dallas SWE's signature outreach event. Twice a year, we partner with local college SWE sections to host this event. Girls come from all around DFW to participate in hands-on engineering activities, learn about engineering, and watch an engineering fashion show!

Dallas SWE members show students what engineers wear to work during the fashion show at Design Your World
